is December 31, 1995 and is to be re-paid alongwith interest by September 1, 2013.

The areas of utilisation of the loan includes utilisation of consultants' services for the preparation, solicitation and evaluation of proposals and negotiations with selected bidders for the implementation of new Power Projects, evaluation of outstanding project proposals, review of proposed contractual arrangements and negotiation of power purchase and other related agreements with private/joint venture power promoters

(d) to (g) In Feb., 1992, World Bank approved a Loan to Govt of India for Power Utilities Efficiency Improvement Project amounting to US $ 265 Million, the proceeds of which are to be on-lent to PFC, who would re-lend the same to eligible State Electricity Boards. The project will cover areas such as Upgrading of Transmission and Distribution System, System Renovation, Environmental Upgrading of Power Plants, and Institutional Strengthening of Power Utilities, etc. The Loan became effective in March, 1992. There has been no drawal out of the Loan by PFC so far for reasons such as the time required in preparation of schemes, appraisal, finalisation of bid documents etc. It is envisaged that the drawals under the Loan would commence during the current financial year.
